

Private Applicator License (PAL) Application

OREGON
DEPARTMENT OF
AGRICULTURE

Pesticides Program
503.986.4635

Instructions:

- Complete this form to apply for a new license, add a license category to your existing license, or renew your license. Required fields are indicated with an asterisk (*). Electronic signatures will not be accepted (wet ink only).
- If you have been issued a Social Security Number (SSN) by the US Social Security Administration, you must provide it on this application form (ORS 25.785). If you have not been issued a Social Security Number by the US Social Security Administration, you may leave the SSN field blank. This field is indicated with a hash symbol (#). However, additional documentation is required. Please contact ODA at either of the phone numbers listed below for more information.
- Submit completed application to the secure fax or mailing address listed at the bottom of the form. To protect your information, do not submit via email.
 - » By default, applications received January 1 through November 16 will be processed for the current calendar year. License applications for the following calendar year are accepted beginning on November 17. See below if you are applying for a new Private Applicator License from November 17 through December 31.
 - » Please allow 2 to 4 weeks for processing of completed applications.

Important: This license application is for individuals that apply Restricted Use Pesticides (RUPs) to their own or their employer's own land or property for the purpose of producing agricultural commodities or forest crops. A different license type is needed if you apply pesticides to someone else's land or property or if you apply RUPs for a purpose other than producing an agricultural commodity.

Questions? Please contact the ODA Pesticides Program at 503.986.4635 or 503.986.4550 (español).

New PAL License Applicants (Nov. 17 - Dec. 31 Only)

Important: This section only applies to individuals who passed the private applicator exam from November 17 through December 31 of this year and who were not already certified through the end of this year. If you were licensed as a private pesticide applicator this year, please skip this section.

If you meet the conditions above and we receive your license application before the new year, by default your application will be held and processed in early January. This will allow you to be issued a full five-year certification period starting January 1 of next year. You may opt-out of this default procedure by checking the box below.

- ☐ **Opt-out:** I don't want to wait until January 1. Please issue my license as soon as possible. I need a license for the remainder of this year through the next four calendar years. I understand that my certification period will be shorter than five years.

Reciprocal License Applications

Please check the box below if you are seeking to obtain an Oregon license based wholly or in part upon your pesticide license in another state. More information about reciprocal licensing is available on the [ODA website](#).

- ☐ I am applying for a reciprocal license in Oregon based upon an out-of-state license. I will be providing additional documentation described on the ODA website.

Private Applicator License (PAL) Application

OREGON
DEPARTMENT OF
